OUTSTANDING PORTRAITS

# Photographs Still Needed for the Website

Every officer currently published without a photograph, listed chapter by chapter — together with the photo standard that lets a portrait go on the site unaltered.

## 1 What to send

The website now carries 212 portraits, every one placed to the same standard so that a page of them reads as one set. 35 officers are still without a photograph and appear on the site as their initials.

PACK

### Photo standard

- **Head and shoulders**, subject facing the camera, head roughly filling the upper third.
- **A plain wall behind the subject** is ideal — any single flat colour.
- One person in the frame. A colleague standing behind gets cut out with them.
- Portrait orientation, as large a file as you have. Straight from the phone is fine.

### What cannot be used

Full-length photographs, group shots, and screenshots or exports of a designed poster. These have to be cropped down to a head, which leaves too few pixels for the card and often cannot be separated from the background at all. Two chapters have already had to be redone for this reason, and a handful of portraits still cannot be brought fully into line.

Names and offices below are exactly as each chapter supplied them. If any is wrong, please correct it in your reply — including whether a person is styled QS, and their post-nominals.

## 2 Chapters with a full profile published

These 10 chapters have their complete executive list, about text and portraits on the site. Only the officers named below are still without a photograph.

| Chapter          | Status        | Officers still without a photograph                                                                                                                                                                                                                                 |

| Kaduna Chapter   | COMPLETE      | None — every officer on this page has a photograph.                                                                                                                                                                                                                 |
| Katsina Chapter  | COMPLETE      | None — every officer on this page has a photograph.                                                                                                                                                                                                                 |
| Nasarawa Chapter | COMPLETE      | None — every officer on this page has a photograph.                                                                                                                                                                                                                 |
| Ondo Chapter     | COMPLETE      | None — every officer on this page has a photograph.                                                                                                                                                                                                                 |
| Osun Chapter     | COMPLETE      | None — every officer on this page has a photograph.                                                                                                                                                                                                                 |
| Rivers Chapter   | 3 OUTSTANDING | <ul style="list-style-type: none"> <li>• <b>Financial Secretary</b> — QS Mercy Adesayo Omotayo, MNIQS</li> <li>• <b>Research &amp; Development Secretary</b> — QS Tochukwu Blessed, MNIQS</li> <li>• <b>YQSF Coordinator</b> — Ms Izidor Smith Nwachukwu</li> </ul> |

### 3 Chapters not yet published

These 25 chapter pages currently show only a chairman and deputy, with no executive roster and no about text. For each we need the **full executive list** — name, office and post-nominals as the chapter styles them — **and a photograph of every officer**.

| Chapter             | Status      | Officers currently on the page without a photograph                                                                                                                             |
|---------------------|-------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Abia Chapter        | 1 + ROSTER  | <ul style="list-style-type: none"> <li>Chapter Chairman — QS Dr. Michael Nwabueze Anosike, MNIQS</li> </ul>                                                                     |
| Adamawa Chapter     | 2 + ROSTER  | <ul style="list-style-type: none"> <li>Chapter Chairman — QS Benitareni Telu, MNIQS</li> <li>Deputy Chairman — QS Mahmud Babangida Aliyu, MNIQS</li> </ul>                      |

## 4 Other outstanding items

### National Executive Council

These NEC members have no photograph on file. Each resolves when the chapter concerned sends its pack.

- **Edo State Chapter Chairman** — QS Dr. Chukwuemeka Patrick Ogbu, MNIQS
- **Anambra State Chapter Chairman** — QS Donatus Chidi Oduenyi, MNIQS

### Questions awaiting an answer

None of these is a missing photograph, but each needs a reply before the page can be called finished.

| Who                    | Question                                                                                                                                                                                                                                                                                                                                                   |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>FCT Chapter</b>     | Is Abdulrafiu Abdullahi, the chapter's YQSF Coordinator, the same person as Abdulrafiu Ibrahim on the YQSF Executive Council? No photograph came with the FCT pack for him.                                                                                                                                                                                |
| <b>FCT Chapter</b>     | Three names differ between the senate roster document and the photo captions. Published as QS Ahmed Usman Kankia, FNIQS (roster spelt it Kankika); QS Uzoamaka Okobia, MNIQS (roster had Uzor Amaka); QS Mary B. Gowom, FNIQS (caption said Gowon). Please confirm each.                                                                                   |
| <b>Katsina Chapter</b> | QS Maryam Mua'azu and QS Sadiya Sani Yar'Adua are on the site, but their images were cut from the chapter senate poster and cannot be separated from the background cleanly. Original photographs would let them match the rest of the chapter.                                                                                                            |
| <b>Rivers Chapter</b>  | Two files in the chapter pack are the same photograph, byte for byte — the one captioned QS Mercy Adesayo Omotayo, MNIQS (Financial Secretary) and the one captioned Ms Izidor Smith Nwachukwu (YQSF Coordinator). Rather than guess whose face it is, neither card carries it. Please resend both, and confirm which of the two the shared photograph is. |
| <b>Rivers Chapter</b>  | QS Tochukwu Blessed, MNIQS (Research & Development Secretary) is cropped to the head and upper chest, which leaves nothing of the suit to work with. A photograph taken from the waist up would let his card match the rest of the chapter.                                                                                                                |
| <b>Bayelsa Chapter</b> | The chapter's pack names QS Larry Samuel Agorosor, MNIQS as Deputy Chairman, and the site now says so. The committee's Chapter Chairmen List (July 2026) had QS Enize Fidelis Kenigbolo in that office and he is not in the pack at all. Please confirm the change.                                                                                        |
| <b>Bayelsa Chapter</b> | The chairman is published as QS Amangala Mabel Morris, FNIQS, the order her own chapter uses; the committee's list has QS Mabel Morris Amangala, FNIQS. Which does she use?                                                                                                                                                                                |
| <b>Ondo Chapter</b>    | The pack has an Ex-Officio II but no Ex-Officio I, and the site says Ex-Officio II rather than quietly renumbering it. Is there a twelfth officer whose photograph did not come, or is QS Aina Olanrewaju, MNIQS the only one?                                                                                                                             |
| <b>Ondo Chapter</b>    | Names are published surname-first throughout, the order the chapter's own pack uses; the committee's list has the chairman as QS Akinlolu Oyebobola Fadiyimu, FNIQS. Please confirm the order the chapter prefers.                                                                                                                                         |
| <b>Ondo Chapter</b>    | QS Gbadebo Bunmi, MNIQS (Assistant General Secretary) came as a 413px-wide image already cut out onto white, with the edge of a chair left in it. Her card is softer than the rest of the chapter as a result — the full-size original photograph would fix it.                                                                                            |
| <b>YQSF</b>            | What does NAQSS stand for in full? The page currently prints the acronym, where every other body on the site is spelt out.                                                                                                                                                                                                                                 |

**Where to send**

Send packs to the NIQS Portal & Web Page Implementation team. Please name each file with the officer's name and office — for example *QS Jane Doe, MNIQS - General Secretary.jpg*. That one habit removes most of the guesswork at our end, and it is how the chapters whose pages went up fastest sent theirs.
